2. [Social media handles that have not removed posts/comments yet - 5 Handles](#)
3. [Social media handles : targeting CEC chief Gyanesh Kumar's family - 8 Handles](#)

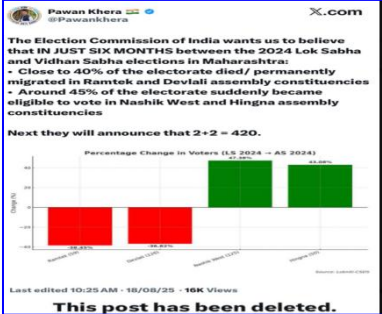

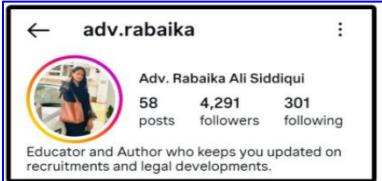

This report has compiled **30 posts/comments** from **Influencers, politicians and experts** who made posts and videos on **vote chori** in support to **CSDS chief Sanjay Kumar's false statement** on vote theft and then later deleted them and also targeted the **family of CEC chief Gyanesh Kumar**.

On **August 17, 2025**, Sanjay Kumar, co-director at Lokniti-CSDS, posted data on X (formerly Twitter) stated fluctuations in voter numbers between the 2024 Lok Sabha and 2024 Maharashtra Assembly elections. He alleged a 47.38% increase in Nashik West and 43.08% in Hingna, and sharp declines in constituencies like Ramtek and Devlali.

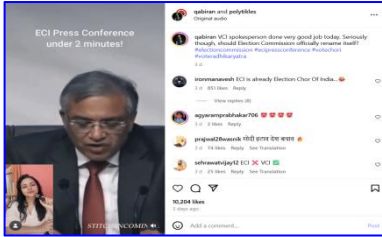

But on **August 19, 2025**, Sanjay Kumar deleted the post and issued a **public apology**, citing a data-reading error by his team. He wrote: "I sincerely apologize... Error occurred while comparing data of 2024 LS and 2024 AS. The data in row was misread by our Data team. The tweet has since been removed. I had no intention of dispersing any form of misinformation."

- ❖ These are the **paid influencers** who made misleading videos on **vote chori** based on fake data of **Sanjay Kumar** and **got millions of views**

	<p><b>Apology</b> ; I am really sorry to say this, India is a world democracy, where the same voter does not vote at four different places. The person whose photo we used did not vote at four different places, he was registered at four different places, so I removed the video. But I was not wrong in believing that serious allegations of voting have come out, not just from the opposition, from many parties and people, not just this year, many in the past. And I do not need to be paid to believe that voting is a basic right of every human being in India. And I always want to talk about the basic rights of the people, not parties, through my work. So our team will learn from this mistake, we will make sure that all our sources are stronger, and such a mistake does not happen again. Thank you for believing in us and the stories of India.</p>	  <p><a href="#">Apology Video</a> , <a href="#">@kk.create</a></p>
